## Graphics Interface 2009 Release Form

---

---

This form must be completed and signed by the contact author of every accepted paper that is to appear in the proceedings. Only papers for which this form has been signed and sent physically to the following address, accompanied by any necessary payment and hardcopies, and for which an electronic (PDF) form of the paper has been uploaded, will be printed. As we have to divide up the sheets in this release and send them to different people, please print it single-sided and sign everywhere a signature is requested.

You need to fill out both this CHCCS copyright release form and a separate ACM copyright release form (available from the GI 2009 Web site). The CHCCS release lets us print your paper and distribute it via AK Peters. The ACM release lets the ACM store and index it in their digital library. Please fill out both.
